MESSAGE FROM THE PAST-PRESIDENT

As we move into the **25th Anniversary** of the founding of the Quebec Association of Educators, we also move into a new era of leadership. With the election of a new board led by Mr. Roger Fortin as the president, Roger comes on board with tremendous knowledge of the field of Child and Youth care and a commitment to the tasks he takes on.

I would like to thank the out going board and the members of the Q.A.E for their support during my four years of leadership. Let me take this opportunity to welcome the new board and to congratulate each individual member.

This past May, 2009, delegates gathered in Fort Lauderdale, Florida for the 9th Triennial International Child and Youth Care conference. The conference was very well represented by Batshaw and members of the Q.A.E. Each delegate in attendance left the conference with wonderful individual experiences and much growth in the field of Child and Youth Care.

As we close the chapter on the International Conference in Florida of 2009, the Child and Youth Care Association of Ontario will be having their conference at the end of June 2009, just a short drive down highway 401. (Info. available at www.oacycacchivinggold.com) The Manitoba conference is scheduled for 2010. Members can go to the respective websites for more information. More info can be found at www.cyccanada.ca.

The annual **Educator Awards for Excellence in Practice and Commitment to the Field** is an opportunity to celebrate those members deserving of an award. We would like to inform you that the Nominee forms are always available by contacting the Q.A.E., c/o Tony Maciocia at 6 Weredale. Lets us not wait for the deadline before acting, talk to your managers and co-workers. Each team should have a Q.A.E. nominee.

Please see updated information enclosed on Bill 50, now known as Bill 21. Things have been moving along on this bill. We are fortunate to have two board members our new President, Roger Fortin and Melanie Fournier our Vice President attends meetings at the Regional level. They will be providing regular updates.

Remember to take up the open invitation to the monthly meetings on the third Thursday of the month at 6 Weredale. We will be taking a break for the summer; our next meeting will be on September 17th, 2009.

Have a wonderful summer.

Phillip Alleyne

A QAE MEMBER REFLECTS...

As I was counting down the days to the conference in Fort Lauderdale, I was very excited. Not only because I would be in sunny south Florida for a week, but because this would be the very first International conference in my professional career. I didn't really know what to expect or what was expected of me. I was a little nervous to be going to an international event where I would, in part, be representing BYFC. I was told that I would meet professionals from around the world and it would be a great experience for me to learn from other people dedicated to youth and child welfare. It would definitely be a fabulous opportunity for me to expand my network, gather new ideas, concepts and energy.

Within the first hour of landing, my learning process began. I was warmly greeted by the organizers of the conference and they made me feel like I was a guest of honour. I met incredible people, including, attachment theorists, doctors, educators, specialists, administrators, executive directors, program managers and a district attorney. All these professionals from around the world who were passionate about the work they were doing with youth taught me something about my practice here at BYFC. It occurred to me that we need to learn from one another in order to provide a multi-faceted approach to helping youth. I appreciated and respected the fact that these individuals wanted to learn from me, as much as they wanted to share their ideas and strategies.

The days of the conference began with inspirational key note speakers before breaking out into individual workshops. Topics from substance abuse, aggression, ethical practice issues and internet abuse child pornography (among others), were explored.

Evenings were spent continuing to network with professionals, information sharing and sometimes even debating. Exploring Fort Lauderdale and experiencing all of their culinary delights was also part of the experience!

The week was filled with exciting new experiences that I will embrace forever. I returned to work the following week with a sense of renewed energy and inspiration. My inbox was filled with emails from those I met, encouraging me to stay in touch. Before leaving, someone I respect very much told me, "if you bring back at least one thing that you learned and apply it to your practice, you are already ahead of the game". I've returned with a new sense of perspective, education and dedication. The important work that we do, we can not do alone. Our practices resonate throughout the world because we collaborate with one another. I am looking forward to the next conference, where I will continue to build my expanding professional network.

QAE MEMBERS ATTEND SUNNY FLORIDA CONFERENCE: 9TH INTERNATIONAL CYC

Batshaw staff took some time out to pose for a group picture. Several Batshaw staff also presented during the conference. Lots of learning took place, as well as some great social moments and extensive networking opportunities.

All staff have returned with increased energy and a renewed commitment to their work.

Bartimeaus Inc. donates \$5000.00 to CYC-Net.org during the evening reception at the International CYC Conference in Ft. Lauderdale.

Here you see Pat Gaughan, Vice President of Bartimeaus present the check to Dr. Leon Fulcher, Chairperson on the Board of Governors.

This kind and significant donation helps CYC-Net to continue to provide free internet access to their web site and contributes significantly to the advancement of the field.

Bravo!

NATIONAL ASSEMBLY HOSTS ADDITIONAL HEARINGS: BILL 21

As you may remember from previous QAE newsletters the QAE belongs to the Regroupement Quebecois des Associations Professionnelles en Education Spécialisée, this is a group of six associations that came together in response to Bill 50, (which now referred to as Bill 21), which is studying the "Code des Professions" and looking at which professions are allowed to have reserved practice areas in order to work in the field.

As you might remember the Trudeau Report that created the Bill 50 (now Bill 21) left out "educators" as it did not know what to do with them and where they actually fit in the overall delivery of services.

Well, "auditions" to hear and speak out on Bill 21 are underway beginning June 9, 2009 to hear once more associations reactions to Bill 21. The National Assembly has set up two auditions to hear from all associations and also to get Dr. Jean-Bernard Trudeau reactions to what has occurred up to now.

Our Regroupement. (represented by Sylvain Ratel) will also be present and be able to speak at the "auditions." Sylvain will keep us posted with all the deliberations and we will stay on top on this situation so, that "educators" continue to be recognized as professionals, doing extremely important work in the field, that requires specific competency and skills that an educator can provide.

Both Roger and Melanie from our QAE Board will continue to attend regional meetings of the Regroupement and keep us posted with developments. So keep your eye on Bill 21 and if you have any suggestions, please send me an email to express your ideas.

Thanks!

Tony Maciocia, Director of the QAE.

The Child and Youth Care Profession

Seven International Ethical Principles for People Working with Children and Young People

It is the professional responsibility of each child care worker to:

1. Value and respect each child or young person as an individual in his/her own right, in his/her role as a member of his/her family, and in his/her role as a member of the community s/he lives in;
2. Respect the relationship of the child or young person to his/her parents, his/her siblings, other members of his/her family and other significant persons, taking account of his/her natural ties and interdependent rights and responsibilities;
3. Facilitate the optimal growth and development of each individual child or young person to achieve his or her potential in all aspects of functioning;
4. Help each child or young person for whom he or she bears responsibility by preventing problems where possible, by offering protection where necessary, and by providing care and rehabilitation to counteract or resolve the problems faced;
5. Use information appropriately, respecting the privacy of children and young people, maintaining confidentiality where necessary, respecting the right of children and young people to be informed of matters concerning themselves, and avoiding the misuse of personal information;
6. Oppose at all times any form of discrimination, oppression or exploitation of children and young people, and preserve their rights;
7. Maintain personal and professional integrity, develop skills and knowledge in order to work with competence, work co-operatively with colleagues, monitor the quality of services, and contribute to the development of the service and of policy and thinking in the field of childcare.

All other standards expected of child care workers stem from these seven clauses.

A much more complete discussion regarding the building of a code of ethics of the child and youth care field are grounded can be found in at the **FICE** web site.
